Welcome to BBMetalindo Multi Engineering

Who Are We

We have been a sheet metal specialist for more than 50 years.

Our Premises

We are based in Cimahi – West Java in privately owned premises that covers an area of 3030 m².

Our location is 130 km away from Jakarta and connected by the major highway to other major cities in Java island. Since 2023, we can be reached easily and faster by KCIC Whoosh, which is approximately just 20 minutes away from our workshop.

What we do

Our main specialty is vessel fabrication and sheet metal fabrication. Our workshop is facilitated with a full range of tools and equipment. Therefore, any projects can be completed without worrying about how we are going to tackle it. No job is too small or too big for our team.

Our Milestones

1980

With the rise of Indonesia's economy, Bengkel Budiarto became one of electrical panel Manufacturing, supplied to most of the high rise buildings in Jakarta and most textile industries in Bandung area

2006

Bengkel Budiarto changed its legal status from personal owned company Into CV BBMetalindo. BBMetalindo is more specialized in manufacturing Pressure vessel.

2024

In order to better serve our customers, we changed our credentials from CV BBMetalindo to PT. BBMetalindo Multi Engineering. We will keep continue serving our customers with our best quality products.

1973

Bengkel Budiarto is started by the late Mr Budiarto. The company is specialized in repairing electromotors

1990

Due to more demand on manufacturing efficiency Bengkel Budiarto expand its wing to produce pressure vessel. These pressure vessels were used widely by many industries.

2008

BBMetalindo expanding the sheet metal division by adding state of the art Laser cutting machine and other equipment to produce high precision products.

Our Vision & Mission

Vision

To be a premier manufacturing company that provides only the highest quality products and services to our customers through innovative technologies and our competent and dedicated people.
